Profile

I'm A Passionate Front-End Developer Skilled In HTML5, CSS3, JavaScript, And Web Design, With Experience Of Building Functional And Visually Appealing Websites And Web Applications.

Over The Past Year, I've Successfully Completed Several Projects And Gained Valuable Insights Through Professional Courses. Currently, I'm Expanding My Skillset By Learning React, Next.js And TypeScript.

I'm Always Motivated To Learn New Technologies And Enhance My Development Skills. I'm Eager To Take On New Challenges And Create Seamless, User-Centric Digital Experiences.

Projects

Personal Portfolio Website

- Designed and developed a responsive personal portfolio with HTML5, CSS3, and JavaScript, featuring modern UI, creative animations, and an accessible project showcase. integrated formsubmit for seamless contact form functionality.

  Links: Live Demo | GitHub

Auth Pages

- A modern authentication project built with Next.js using React Hook Form, React Hot Toast, and Sass modules. It connects to an API for real user registration and login, providing a secure Dashboard to display user data.

  Links: Live Demo | GitHub
